What to Expect at MCON

The annual Mirus Client Conference (MCON) is an event dedicated to restaurant decision-makers who want to gain valuable insights on how to leverage their restaurant's data. During the 2-day conference, you will hear real-life use cases from Mirus clients, enjoy hands-on training, get the latest industry and product updates, and network with like-minded industry peers. Breakfast, lunch, snacks, drinks, a t-shirt, and a networking event are included!

NETWORKING EVENT

Flight Club

Wednesday, April 3rd

6:00-8:00

This year's networking event will be held at Flight Club. We will have 2 Oches (that's the dart area that will serve as home base for our group, pronounced like "Hockey" without the "h"). 12 guests can play at a time, with 20 names programmed into the gaming tablet. Guests can rotate in and out between games. The games typically last 10-15 minutes, depending on the speed of the players.

Venue is 21+ after 5pm.

ON THE MENU:

Cheese Flight

Truffle Fries **GF, V**

Vegan Mushroom Flatbread **VE**

Yuzu Guacamole Dip **GF, VE**

Mini Beef Barbacoa Tacos **GF**

Buffalo Chicken Flatbread

Black & White Hummus **VE**

Mini Poké Tacos **GF**

OPEN BAR!

18 Minute Walk From Hotel

ONE-ON-ONE SESSION

Each company attending MCON will be given a 30 minute time slot to meet one-on-one with a member of the Mirus team.

During your one-on-one session you can discuss:

- Current projects
- New Feature Ideas
- Future Projects
- Report Writing Questions
- Anything you'd like

Some examples to get you thinking:

Is there a report you are working on that you can't figure out?

Is there a task that you are doing daily or weekly that we can help you automate? It can be as simple as: you log into Mirus and look at 3 reports everyday. We could make the reports Favorites, or put them on a dashboard, or even schedule them as a group alert.

Is there a report or reports you have to prepare for recurring meetings but you have to do some manual manipulation to the report. Maybe you take data from somewhere, copy and paste, and join with Mirus data. Maybe we can help you with the manual manipulation part by integrating data or maybe we can create a calculated measure that you can add to the report.

This is time dedicated specifically to you. We MAY be able to answer your questions or solve your problem in the 30 minutes, but most likely, we will have to leave MCON with some home work, actions or research on our end, and we can follow up after MCON.

WE CAN'T WAIT TO SEE YOU
